

SMALL GRANT HISTORY

2022 Small Grants

The Roundhouse Foundation would like to share our 2022 small grant recipients. Small grants can support grassroots, innovative work and projects that may not have a need for a significant budget. Small grants also offer opportunities to explore and test new approaches and endeavors which can then be replicated for broader impact. Small grant awards are usually \$2,500 and less, however Trustees and staff may consider increases in rare, case-by-case instances.
