

GRANT HISTORY 2023 Grants

The Roundhouse Foundation would like to share new programs and projects we have partnered with in 2023. We focus our work in and across four areas that are fundamental to thriving rural Oregon communities – Arts & Culture, Environmental Stewardship, Social Services and Education. We understand the interconnections of these focus areas and value opportunities that work at their intersections. Some details of the grants listed are subject to change. This list is current as of January 16, 2024.
